

MMTA Student Evaluations

March & April, 2010

If you live in an area remote from the present evaluation sites or if you wish to submit students on other instruments, all it takes is eight or more interested students to bring an adjudicator to your area. Contact the Vice President for Student Evaluations if you wish to get the process started. In order to run the Evaluation Day smoothly and professionally, the Executive Board requires all participating teachers (or students or parents of students) to volunteer some time before, during, or after the Evaluation Day. The Local Coordinator will contact you to make these arrangements.

Where and when are evaluations held?

Evaluation sites are held during the months of March and April.

LOCATION	DATE	LOCAL COORDINATOR & CONTACT INFO	ADJUDICATOR
